

## How to Purchase Young Living Essential Oils

Welcome to the wonderful world of essential oils!

I first became really aware of the magic of essential oils around 15 years ago through my occasional massage treat and more regularly, as a migraine sufferer. I found applying pure peppermint oil to my temples and back of my neck gave immediate and immense relief when suffering from a migraine.

Over the years, I have incorporated essential oils into most aspects of my lifestyle. They have improved the quality of life of myself and my family, and we use them in everything from household cleaning to pest control, relaxation and even treating common illnesses.

Of course, oils ain't oils and when it comes to essential oils, the saying is unfortunately true.

While pure essential oils have the ability to produce spectacular results, the chemically altered or adulterated oils on the market are often ineffective and even harmful. It is for this reason that nowadays I only use therapeutic grade essential oils, and why I became an independent distributor for Young Living, the purest essential oils available.

You may have stumbled on this instruction sheet by attending one of my webinars or participating in one of my ecourses, and indeed, essential oils may be new to you. The world of essential oils can be overwhelming when starting out, however I am determined to make the move to adopting essential oils in your life a seamless one.

This short document takes you through the steps in ordering Young Living essential oils. If you have any questions whatsoever about this process, please email me directly at [laura@lauratrotta.com](mailto:laura@lauratrotta.com).

Enjoy!

To purchase Young Living essential oils go to: <https://www.youngliving.org/Sustainababy>

This is my personal website for Young Living products. If you purchase through this site you get the added benefit of me supporting you on your essential oil journey, either as a retail customer, or independent distributor if you choose to go down that path.

You will see the screen below when you arrive at this site:

To view the range of products available, click on Product Line in the menu on the left hand side of the screen.

To view the range of essential oils (value packs, single oils and blends), click on Essential Oils in the bar at the top of the screen. You can also view the extensive range of other Young Living products (eg. Shampo, conditioner, deodorant, toothpaste, diffusers) by browsing the other menus. To view details about an individual product, simply click on the Item name.

The screenshot shows the Young Living website interface. The navigation menu on the left includes: Independent Distributor, Home, Product Line, About YL, Home Business Opportunity, Contact Me, and Join Now. The main content area features a 'Product Line' section with buttons for 'Featured Products', 'Essential Oils' (circled in red), 'Personal Care', 'Diffusers', 'Nutrition', and 'Accessories'. Below this is a search bar and a table of 'Essential Oils' products.

When you are ready to purchase, you will need to join as a member to place your order. This doesn't mean you need to place ongoing orders or anything like that, it's just like placing an order through an online store.

Click on Join Now in the menu on the left hand side of the screen.

At this point you will need to decide when you will place your order as a regular Retail Customer (just like you were ordering through a regular online store), or if you think you may like join as a Wholesale Member.

There are several benefits to joining as a **Wholesale Member** which include:

- 24% discount on your order
- The ability to earn commissions (if you sell Young Living products to others)
- The option to join the Essential Rewards Program and earn rewards from your purchases (kind of like Fly Buys). This program enables you to schedule your orders in advance and have them shipped directly each month. If you meet a minimum value in your first three months (i.e. three monthly orders of 100PV value (PV is just personal volume – a Young Living quantity unit – it roughly equates to \$200) you have the option to receive a free Home Diffuser valued at \$178. It is a little clunky to set this up as you need to submit your first three orders by completing an order form by hand and emailing it to Young Living, but you can still join as a Wholesale Member via this screen and email me and I'll direct you to where you can locate the form to set up your Essential Rewards Autoship Program.

If you do decide to join as a Wholesale Member you will need to buy a \$45 starter kit with your first order. This kit includes some samples of different oils and an information pack.

Note, if you join as a Wholesale Member, there is no requirement to start a home-based business or become a salesperson. You can simply just join for your own personal use and enjoy the discounts and benefits of autoship.

*Of course, if this is all confusing and you just want to place an order, simply join as a **Retail Customer**. You can always convert your membership to Wholesale Member down the track if the products really get under your skin.*

So, you've decided if you'd like to be a Retail Customer or Wholesale Member and now you just need to complete your registration and place your order. Select your Country and Language at the top and click either Retail Customer or Wholesale Member.

My Sponsor ID (1872051) will automatically show and your enrolment will be placed under me – so lucky you! This basically means I support you on your essential oils journey and am your first point of call (other than Google I guess) if you have any questions.
